Milestone Activity: Give a 15-Minute Presentation in Spanish

You can choose any topic to speak about, as long as you talk for at least 15 minutes. Make sure you introduce yourself and the topic at the beginning of your presentation. You can prepare a presentation or just use an outline of talking points.

This can be presented as a recorded video or live presentation.

- **For Videos:** Upload your video to YouTube with #spanishconsalsa in the description and share the URL in the [members forum](#). You can [publish it as a Private video](#) so only people with the link can view the video (it won't be searchable on YouTube).
- **For Live Presentations:** Contact us to set-up a date and time for you to give your presentation to the community. After your presentation, you'll do a 5-minute Q&A.

Be creative! Here are some ideas if you can't think of a topic:

- Talk about yourself in detail. Tell us about your hobbies, profession, family, friends, hobbies, profession, what you're studying in school, etc.
- Teach us how to do something that you know how to do. For example, cook your favorite meal, break down your favorite dance move, or even something simple like organizing your desk or washing dishes.
- Translate and review a song that you really like. Read through the lyrics, give us the translation, and tell us why you like the song.

Here's a sample goal for this milestone:

I will give a 15-minute presentation about my trips to Latin America by Monday, July 26, 2022
